Award of All-India Crop Competition Prizes (Changes in the Procedure).

In supersession of the Press Note No. 56, dated 24th June 1952, issued by this office in connection with the award of the All-India Crop Competition prizes of Rs. 5,000 each, in addition to the certificate of merit "KRISHIPANDIT" to the farmers who secure the highest yields per acre for six principal crops (*viz.*, paddy, wheat, potato, jowar, bazra and gram) in the competitions to be held in the various States in India during 1952-53, on the recommendations of the State Governments, the Secretary, Indian Council of Agricultural Research, has now stated that the high yields reported by the State Governments were considerably exaggerated and the Government of India felt that unless suitable steps were taken to check inflated results to ensure correct reporting, the confidence of the public in the crop competitions would be completely shaken and the world at large would begin to feel that the results were not real.

The Government of India, after careful consideration, came to the conclusion that adequate supervision could not be ensured unless the final competition for determining the all-india prizes was confined to manageable proportions.

The Government of India have, accordingly, decided to introduce a system of "heats" and to treat the persons achieving the highest yields in the State competitions as eligible to compete among themselves in a final competition which would determine the all-India prizes.

According to the above system, all-India prizes and the certificate of merit "KRISHIPANDIT" will not be awarded in future on the basis of the highest yields reported by State Governments as a result of State Competitions.

The first six persons who obtain the highest yields in the State Crop Competitions would be regarded as eligible for competing during the next year among themselves, to qualify for the All-India Crop Competitions and the names of such persons will be recommended to the Indian Council of Agricultural Research for the award of All-India Crop Competition prizes.

Further particulars may be obtained from the local Assistant Directors of Agriculture.

TEXTILE MOVEMENT CONTROL ORDER AND DEALERS LICENSING ORDERS NOT REPEALED.

It is notified for the information of the public that though Control over distribution and prices of all categories and varieties of cloth and yarn has been lifted with effect from July 10, 1953, all the clauses of the Cotton Textiles (Control) Order, 1948, as they stood immediately prior to decontrol are in tact and none of the clauses has been repealed.

Under clause 22 (1) of the Central Order, the Textile Commissioner has specified the markings to be made and the prices at which cloth and yarn should be sold. The Textile Commissioner has since notified that the provisions relating to prices are no longer in force. The Textile Commissioner and the State Government will no longer be invoking the provisions of clauses 30, 30-A and 30-B of the Cotton Textiles (Control) Order, 1948 relating to sale of cloth and yarn by mills, wholesale dealers and retail dealers even though those clauses themselves have not been repealed.

Control over the movement of mill cloth, Powerloom cloth, and yarn from one zone to another is still in force. A permit is therefore necessary before a dealer can undertake such movements.

The policy of licensing of dealers in cloth and yarn continues to remain in force. The Mysore Cotton Cloth Dealers Licensing Order, 1948, and the Mysore Cotton Yarn (Control of Distribution) Order, 1948, are not repealed.

Mills are now free to charge any prices they like for their packings of cloth and yarn. No maxima have been prescribed. Manufacturers, and dealers are now free to sell any quantity of cloth or yarn at any price agreed upon between themselves and the buyers. Dealers can sell to one another irrespective of the distribution between Nominees, wholesale dealers and retail dealers or to consumers direct without reference to the prices, if any, stamped on the cloth or yarn.

Processors will have to affix only the Tex-mark and the month and year of packing on the cloth processed by them. Processed powerloom cloth also must bear the Tex-mark. Sale of processed mill cloth without these markings is an offence.

No manufacturer or dealer shall, even now refuse to sell cloth or yarn to any person without sufficient cause as required under sub-clause (5) of clause 24 of the Cotton Textiles (Control) Order, 1948, which is still in force.

Consequent on the removal of price and distribution controls over mill-made cloth and yarn, the collection of half per cent centage on Ex-mill value of cloth and yarn procured by dealers in the State is also discontinued and therefore, the countersigning of the Railway Receipts by the Controller of Civil Supplies before taking delivery of the goods is also discontinued.

OFFICE OF THE COMPILER, *MYSORE GAZETTE*, BANGALORE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V, VI and VII should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. 2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919, in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. &. S. 44-25-2, dated 13th September 1926).

(P.N. No. 73—25-9-53).

Press Note.

Gram and Gram Products—Imports to Mysore.

The Government of East Punjab had, so far, restricted the issue of export permits to export gram from that State only to those foodgrains dealers of that State, who held licenses in gram and to growers of gram. Importers from Mysore had to arrange their requirements through negotiations with the Punjab traders. The Government of India have now issued necessary instructions to the East Punjab Government to issue export permits to the importers of Mysore State, subject to other conditions of the Gram and Gram Products (Export Control) Order, 1953, being duly fulfilled. The intending importers of gram of Mysore State may avail of this opportunity to import gram from East Punjab.

Press Note.

The Government of Mysore have directed that the salary and establishment bills for the month of September 1953, of all Government Offices, Government Indusrrial Concerns and establishments of Local Funds in the State, may be paid at all the treasuries and the Reserve Bank of India, Bangalore, on the 30th September 1953, as a special case.

(P.N. No. 75—28-9-53).

Press Note.

It is hereby notified for general information that payment orders issued by the Treasury Officer, State Huzur Treasury, on the Reserve Bank of India are current for only ten days and that payment will not be made by the Bank thereon if presented after the period of currency. As the revalidation of such pay orders by the Treasury Officer entails extra work to the treasury and delay to the payees, the departmental officers and the general public are requested to take delivery of and receive payment on bills or cheques passed by the Treasury Officer, State Huzur Treasury, promptly.

(P.N. No. 76—28-9-1953).

Press Note.

Under the existing arrangements the scheme of separation of the Judiciary from the Executive has been in force in the district of Bellary in pursuance of the orders issued in that behalf by the Government of Madras. In pursuance of that scheme, there is one District Magistrate (Judicial) for the Bellary District and the Collector, Bellary District, is the Additional District Magistrate of that District.

In connection with the impending transfer of the seven taluks of Bellary District to the State of Mysore with effect from 1st October 1953, the question as to whether the existing arrangements in respect of the appointments of District Magistrate (Judicial) and District Magistrate (Executive) should continue in Bellary District even after 1st October 1953 has been under the consideration of the Government of Mysore, and after a careful consideration of all the aspects of the case, it has been decided to appoint the Deputy Commissioner, Bellary District, as the District Magistrate of Bellary District with effect from 1st October 1953 without making any distinction between the District Magistrate (Judicial) and District Magistrate (Executive), in consonance with the prevailing practice in the State of Mysore.

A scheme for the separation of the Judiciary from the Executive in the State of Mysore has been formulated and is under the active consideration of the Government of Mysore and it will be introduced into all the districts in the State uniformally at the earliest possible date as soon as the proposals are finalised.

(P.N. No. 77—29-9-1953).

Press Note.

The Government of India have, in their letter No. Py. II-656 (2)—53, dated 12th September 1953, communicated their decision to allow import of self-raising flour, maize and barley on trade account from abroad during the current licensing period July-December 1953, and have stated that while self-raising flour is allowed to be imported by actual users only, the applications for the imports of maize and barley will be considered *ad-hoc* by the Chief Controller of Imports.

Since the quantities of self-raising flour so imported from abroad would not be large, they have decided that there should be no restrictions on its movement from one State to another nor should there be any limitations on its price, sale and distribution and that it may be allowed to be used in the manufacture of cakes, pastries and breads, the eatables prepared out of it not being restricted to any austerity regulations except those already provided for in the general rule regarding entertainments.

Maize and barley which may be imported from abroad, have been allowed to move also from one State to another subject to the condition that the exporter/importer will have to obtain export/import permits from the State Governments concerned. There are also no restrictions on the price, sale and distribution of imported maize and barley.
